Carbon Beach

2 oz Vodka
1.5 oz Coffee liqueur
1.5 oz Whipping cream
¼ oz Glossop's Smoked Sugar Syrup

In a bowl, whisk cream until thick but not stiff. Mix in smoked sugar syrup. Stir vodka and coffee liqueur over ice in a mixing glass. Strain into sherry glass. Float cream over top, just to cover. Reserve extra cream for additional cocktails.

A splash of Glossop's makes your cocktail, but that doesn't make it any less delicious when you use it away from the bar. Try drizzling it over ice cream, yogurt, or fruit salad, or mix it with sparkling water for a refreshing soda.
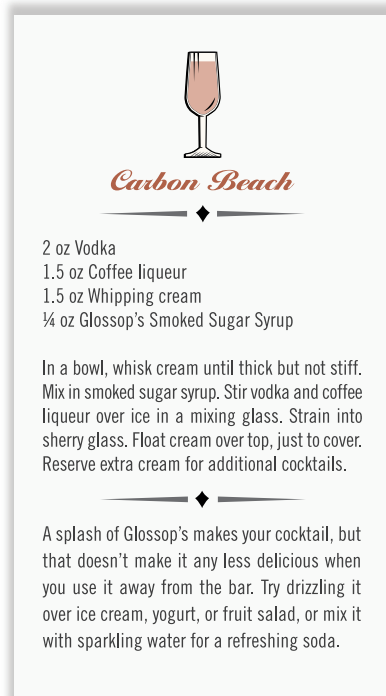

**Include only K100 Black
CMYK: 0, 0, 0, 100
where RAISED INK is desired**

RAISED INK can only be applied to one side
